

## Are there other issues related to deer management at Saratoga National Historical Park that you think the park could consider?

Public hunting cannot be considered because it is not permitted at Saratoga National Historical Park under its enabling legislation (see 36 Code of Federal Regulations 2.2).

### What Is Important To You?

Hikers and birders on Wilkinson Trail.

Visitors come to the park for a variety of experiences, such as hiking, biking, birding, and experiencing the commemorative space. As we develop this plan, we are interested in learning your thoughts on any issues you see related to an overabundance of deer.

### Planning Process and Schedule
