

Pullman National Monument

Two Year Accomplishments

Partnerships: Built relationships with state agencies and organizations that tell the story of Pullman.

- Participated in partner-led visioning and planning efforts, including *Positioning Pullman* workshops and transportation planning.
- Entered into agreements to advance shared goals, including development of the National Park Service Visitor Center and environmental remediation of the Factory Site.

Staffing: Hired a permanent Superintendent and Chief of Visitor Services & Community Outreach.

Visitor Information: Served over 53,000 visitors through special events, educational and interpretive programs, and the temporary Pullman National Monument Visitor Information Center operated in partnership with the Historic Pullman Foundation.

Online Engagement: Managed a website with 78,804 page views and a Facebook page with 2,500 likes.

Educational Outreach: Developed educational curriculum and reached over 1,000 local students.

Junior Ranger Programs: Engaged over 500 youth in the park's Junior Ranger program.

Special Events: Participated in community events, including the Labor Day Celebration and the Historic House Tour.

National Park Service Centennial: Celebrated the 2016 Centennial with major events and initiatives.

- Naturalization Ceremony: Celebration for 40 new citizens
- National Geographic BioBlitz: Citizen science monitoring of plant and animal life
- Find Your Park Exchange: Second-line parade with artist Common as Honorary Grand Marshal
- StoryCorps: Oral history interviews with community members and scholars

Planning: Initiated a planning process that will establish goals and a long-term vision for the monument.

- Draft Foundation document released for public comment in August 2016.
- Draft Factory Site Environmental Assessment to be released for public comment in February 2017.
- Management planning process to begin in 2017.
