Memorandum

To: Ruth Middlecamp, Project Manager, Yosemite National Park

From: Superintendent, Yosemite National Park

Subject: NEPA and NHPA Clearance: 2011-036 Commercial Use Authorization - Camping Trailer Delivery (38382)

The Executive Leadership Team has reviewed the proposed project/action and completed its environmental assessment documentation, and we have determined that there:

- Will not be any effect on threatened, endangered, or rare species and/or their critical habitat.
- Will not be any effect on historical, cultural, or archeological resources.
- Will not be serious or long-term undesirable environmental or visual effects.

The subject proposed project, therefore, is now cleared for all NEPA and NHPA compliance requirements as presented above. Project plans and specifications are approved and construction and/or project implementation can commence.

For the proposed project actions to be within compliance requirements during construction and/or project implementation, the following mitigations must be adhered to:

- **Ensure that this permit only has a two year limit. This is a pilot project that will assess future visitor benefit.**

For complete compliance information see PEPC Project 38382.

The permit holder will deliver the trailer and set it up in a campsite reserved by their client(s). All financial and rental activities will take place outside of Yosemite National Park. Campsites must be reserved by the client(s). Trailers will only be delivered to reserved campsites. The permit holder will remove the trailer from the park by the designated check out time upon expiration or cancellation of the reservation. The permit holder must abide by all campground rules and regulations. Specific standards and requirements are addressed in the Commercial Use Authorization.

Project Locations:

Mariposa County, CA

Mitigations:

- Ensure that this permit only has a two year limit. This is a pilot project that will assess future visitor benefit.

Describe the category used to exclude action from further NEPA analysis and indicate the number of the category (see Section 3-4 of DO-12):

A.6 Commercial use licenses involving no construction.

On the basis of the environmental impact information in the statutory compliance file, with which I am familiar, I am categorically excluding the described project from further NEPA analysis. No exceptional circumstances (e.g. all boxes in the ESF are marked "no") or conditions in Section 3-6 apply, and the action is fully described in Section 3-4 of DO-12.
