National Park Service News Release

FOR IMMEDIATE RELEASE: DATE: October 7, 2015

CONTACT: Cyndy M. Holda, Public Affairs Specialist, 252-475-9034 or 252-473-2111

Public Meeting Reschedule for October 15, 2015

Public Comment Period Opens for Environmental Assessment on Issuance of Special Use Permit to Local Government for Beach Nourishment Project

Manteo, NC – The National Park Service (NPS) has announced that the United States Army Corps of Engineers (USACE) has released for public review an environmental assessment (EA) for the purpose of beach nourishment activities in the Buxton area of Cape Hatteras National Seashore.

Dare County has requested a Clean Water Act Section 404 permit from the U.S. Army Corps of Engineers (USACE) for the associated dredge and fill activities needed to accomplish the proposed beach nourishment activities.

Dare County has requested a special use permit from the NPS for fill activities on Cape Hatteras National Seashore.

The USACE and NPS are working as cooperating agencies to review the proposed project under the National Environmental Policy Act and will use the EA to assist the agencies in determining whether, where and under what conditions the NPS and USACE would issue permits to Dare County.

The USACE Public Notice and all attached plans are available on the Wilmington District Web Site at

<http://www.saw.usace.army.mil/Missions/RegulatoryPermitProgram.aspx>

A RESCHEDULED public meeting is planned for this project.

Date: October 15, 2015

Location: The Fessenden Center
Gym
Hatteras Island Division
46830 Hwy 12
Buxton NC 27920
252-475-5650
