### **Information Available on NPS ORV Management Alternatives**

Superintendent Mike Murray announces that information about off-road vehicle (ORV) management alternatives being considered by the National Park Service (NPS) for Cape Hatteras National Seashore has been provided to the Seashore's ORV management negotiated rulemaking advisory committee. The information is also available to the public and has been uploaded to the PEPC website, under ORV Management Plan project, entitled 2008 11Nov 05 – ORV EIS Alternatives:

“For clarification, NPS is not seeking or considering public comment on these materials at this time. We are sharing this information with the negotiated rulemaking advisory committee now solely for members' use in negotiating a consensus alternative for recommendation to the NPS,” said Superintendent Mike Murray. “NPS highly values public input in the planning process and will actively seek public comment on the draft environmental impact statement (DEIS) when it is released for public review in the early fall of 2009.”
